Celebrating Pride Month

Posted: Wed. Jun 23, 2021

In celebration of Pride Month, we are showcasing a few examples of how fair trade enterprises support the LGBTQIA+ community!

Support of safe and healthy working environments is crucial to the Fair Trade Federation (FTF) [principles](#). FTF members seek to eliminate all discrimination based on gender, sexual orientation, race, caste, national origin, religion, disability, union membership, political affiliation, age, marital, and health status. Members cultivate workplaces that are inclusive, free of any harassment, and include all in decision-making throughout the trading chain.

FTF member [Kahiniwalla](#) believes in the dignity of all, and this month, they are celebrating those in the LGBTQIA+ family.

Together, co-founders Austin and Marita seek to bring awareness and advocate for equality and safe spaces for all, within Kahiniwalla as well as faith communities.

As a bisexual, Austin is particularly interested in the impact of discrimination on the LGBTQIA+ family.

FTF member [Global Gifts](#) is fundraising at their registers in June to support LGBTQ+ rights.

Funds raised support the following local organizations: Bloomington Pride, Indiana Youth Group, Trinity Haven Indy, and Kaleidoscope Youth Center. Throughout the year, their Justice, Equity, Diversity, and Inclusion Committee is dedicated to integrating the principles of social justice and inclusion to further Global Gifts' mission and vision. Read about their commitment to [Justice, Equity, Diversity, and Inclusion](#), and check out their [Pride Collection](#).

FTF member [WorldFinds](#) is proud to support the LGBTQ+ community year-round through the success of their [Equality Cause Bracelet](#).

Through this initiative, they make quarterly donations to the Matthew Shepard Foundation to help fund equality and diversity initiatives.

To date, they've been able to donate \$3,000 to the organization!

Fair Trade Solidarity

Posted: Tue, Oct 06, 2020

What is #FairTradeSolidarity?

Join the global movement of trade that values the health of the planet, and the labor, dignity, and equality of all people.

– What does #FairTradeSolidarity mean to FTF members?

- Building relationships to create a more just world through dignity and respect – [Women of the Cloud Forest](#)
- Support, partnerships, and solutions to many of today's global problems – [WorldFinds](#)
- Sharing the risk with our farmers by prepaying for their crops – [Maggie's Organics](#)
- Standing up for what's right in a community that agrees – [Mata Traders](#)
- Coming together to build a more just global economy – [Fair Anita](#)
- Helping our partners in need even when we are hurting – [Center for Amazon Community Ecology](#)
- Supporting our artisans not only in good times but tough times as well – [Lucia's Imports](#)
- Collaborative effort to better the world – [Quilling Card](#)
- Coming together as a diverse community – from the producers to the brands to the end consumers – [Passion Lille](#)
- Collaboration over competition – [Dunitz & Company](#)
- Supporting other fair trade brands – [Aid Through Trade](#)
- Collaboration between us, our artisans, and all fair trade organizations – [Koru Street](#)
- Working in unity for a fairer world – [Dandarah](#)

Check out how you can celebrate #FairTradeSolidarity for Fair Trade Month [here](#).

10 Ways FTF Members Are Promoting Fair Trade

Posted: Wed. May 06, 2020

"Fair trade encourages an understanding by all participants of their role in world trade. Members actively raise awareness about fair trade and the possibility of greater justice in the global economic system. They encourage customers and producers to ask questions about conventional and alternative supply chains and to make informed choices. Members demonstrate that trade can be a positive force for improving living standards, health, education, the distribution of power, and the environment in the communities with which they work."- [Fair Trade Federation Principle 4](#)

Learn how ten FTF members are uniquely realizing this principle below!

- + **By Valuing the Earth and Makers Equally to Customers** 🌍
- + **By Fostering Transparency Throughout Their Supply Chain** 🔗
- + **By Encouraging Customers to Affect Change** 🛒
- + **By Collaborating with Producer Groups** 👥
- + **By Educating Those Not Familiar with Fair Trade** 📖
- + **By Bringing the People Behind Products to Center-Stage** 👤
- + **By Highlighting the Entire FTF Community** ✍️
- + **By Communicating About the Value of Work** ⚠️
- + **By Connecting Customers & Artisans** 📷
- **By Wearing and Living Fair Trade** ⌚

Fair trade is in [WorldFinds'](#) DNA, and they promote it in everything they do – WorldFinds LIVES fair trade! By wearing fair trade brands, the WorldFinds team gets the opportunity to promote it every time someone compliments them on the clothing, jewelry, or bag with a "Thanks! It's fair trade!"

They highlight fair trade in their brand statement, on all social media and their website, and in their marketing and artisan storytelling pieces. They share the stories of the makers and the goodness behind the fair trade principles and practices with all who come in contact with them and their brand.

Celebrating Innovations in Fair Trade!

Posted: Tue, May 07, 2019

The Fair Trade Federation celebrates innovative business and product solutions that support people and planet!

Learn how a few fair trade enterprises are innovating to empower women, develop unique products, create economic opportunities, and combat climate change.

+ Innovations that Empower Women

- Innovations that Create Economic Opportunities

Fair trade enterprises place the interests of producers and their communities as the primary concern of their enterprise.

[WorldFinds](#) has a holistic business approach in which all are paid a living wage, have safe working conditions, access to healthcare and childcare, and on-going training and education. They have been working with many groups for over a decade, during which many artisans have lifted themselves out of poverty and even launch their own successful businesses. For World Fair Trade Day, WorldFinds is working with their artisans partners to launch a new collection of bracelets. The [Cause Connection Bracelets](#) are delicately beaded, stretchy styles each connected to a cause. The causes they benefit include funding cancer research, educating girls, cleaning oceans, empowering women, rescuing animals, providing meals, supporting U.S. veterans, and promoting equality.

[Dunitz & Company](#) supports the fair trade community through actively raising awareness about fair trade and FTF members. They are helping to promote fair trade through on-going blog writing, directing buyers to many fair trade enterprises. Without sales, these businesses cannot do what they do best: sustaining the artisans and farmers they've worked with for so many years. Dunitz & Company has posted several gift guides featuring FTF members and has also interviewed several FTF store owners and managers, all of which can be found on the [Dunitz blog](#).

FTF members are growing artisan and farmer businesses, strengthening communities, and creating positive change in everything they do by innovating to support and create economic opportunities.

+ Innovations in Product Development

+ Innovations that Combat Climate Change

To learn more about innovations in fair trade, explore the [250+ FTF member enterprises](#).
